## DXNMedia Video Post Production Services

With our mobile post facility, we are able to handle playback of tape formats like **miniDV, DVCAM, HDV, BetacamSP, BetacamSX, MPEG-IMX, Digital Betacam and HDCAM** in all existing (PAL, NTSC, 720, 1080 / 24,25,29,50i or 60i) formats.

We run the latest FCP and Avid systems on Macbook Pros with AJA hardware and portable RAID drives that can handle up to 10-bit 4:2:2 HD video resolutions. We have proper broadcast grade LCD monitors and Waveform / Vectorscopes for accurate color correction and finishing prior to mastering to HDCAM tapes.

The following video post production services are offered at extremely competitive rates:

- Tape transfers or duplication to miniDV, DVCAM or Betacam SP  
(*Digital copy or duplication with options of Timecode burn in.*)
- Video Capturing and Encoding to various file formats  
(*Quicktime, MPEG1, MPEG2, 3GP, MPEG4, etc..*)
- On-site Location / Mobile Video Editing
- Creating video loop for continuous playback
- Subtitling
- Video logging or transcribing
- Adding graphics or text
- Compilation of TVC or video clips
- DVD Authoring and Mastering
- Digital Betacam / HDCAM tape archival & backup solutions
- SD to HD Up-Conversion
- Affordable Standard Definition NTSC / PAL system conversion

If your video requirements are not listed here, contact Dixon @ +65 96350447 or email at [dixon@dxnmedia.net](mailto:dixon@dxnmedia.net) for further enquiries.

- For our Tape Transfer Services, the best way is to call / email us for a quotation and get the estimated delivery time.
- If pricing and delivery time suits your demands, send your tapes with cash or cheque payment via courier to our address. (Our policy is strictly COD for 1<sup>st</sup> time customers or one-off jobs.)
- Special bulk rate for transfers / ingest / tape archive services.
- Upon completion of your job request, we will contact you to get your courier to collect the tapes/DVDs and invoice.
- Any requirements for visual approval and previews will be done via email or via downloading from our FTP server.
